6 What happens now?

We'll check the form and be in touch within 2 working days if we need any additional information. If not, we'll send you the information you need to get started.
We'll send a copy of this form to the individual(s) with full access using the details you have provided, let them know to expect an email from adobesign@adobesign.com. Once they have approved your request, we'll check the form and be in touch within 2 working days if we need any additional information. If not, we'll send you the information that you need to get started.

If you're registering for Internet Banking
Step 1

If you already have a TSB Personal Internet Banking registration: we'll send you an email confirming you can start to log on to Business Internet Banking with your existing details (your USERID, password and memorable information).
If you do not have a TSB Personal Internet Banking registration: we'll send you an email with your USERID followed by a text message with your temporary password. Once you have received both USERID and password you will be able to log on. When you log on for the first time you will be prompted to change your password.

Step 2

Downloading the Business Banking Mobile App: Once you have completed your Internet Banking registration and set up your password and memorable information you will be able to download and log on to the Business Banking Mobile App.
You will need the Business Banking Mobile App to authenticate your transactions.

If you're registering for Telephone Banking

We'll send you a text message and letter which will tell you how to start the registration process. You should receive these within the next 2 working days.

If you're requesting a Business Debit Card

You should receive the card and personal identification number (PIN) in the next seven to ten working days.

Make sure you keep your contact details up to date
It's important we've got your up to date contact details so we can tell you important information about your account. You can check and update your details in a TSB Branch or if you have registered, over the phone or Internet Banking. If you don't use the Business Banking Mobile App (and sometimes even if you do use the App) we will need to send One Time Password's (OTP) to your phone to authenticate you. This might happen for example when you want to make a payment in Internet Banking or when you use your TSB debit card to shop online. If we're not able to send you an OTP you may not be able to make a payment.

7 Approver(s)

Full name

I approve the service registration request. **Yes** ☐ **No** ☐

As you have not provided your authority to make these changes we will take no further action. We recommend that you discuss this with the person who originally submitted the request.
